Using This Directory

This directory lists the provider network in the region indicated on the front cover of this directory.

If you don't find the provider you're looking for or would like to see a complete listing of the providers available to you by area visit *Find a Provider* on **blueshieldca.com**. You may also call Member Services to have a directory sent to you.

To get detailed information about your health care coverage, please see your Evidence of Coverage.

The "network providers" listed in this directory have agreed to provide you with your health care coverage. You may go to any of our network providers listed in this directory; however some services may require a referral.

You will have to choose one of our network providers who are listed in this directory to be your **Primary Care Physician (PCP)**. The term "PCP" will be used throughout this directory. Generally, you must get your health care coverage from your PCP. When you choose your PCP, you are also choosing the hospital(s) and specialty network affiliated with the physician group.

- Network PCPs, specialists, hospitals, clinics and urgent care centers are listed by physician group.
- The hospital or hospitals affiliated with the physician group are listed at the beginning of the physician group section in this directory.
- If you need to be hospitalized, your PCP will coordinate your admission to the hospital associated with your physician group. If more than one hospital is associated with the physician group, your PCP will determine which hospital is most appropriate for your care.
- PCPs are listed alphabetically under one of the following categories: *Family Practice*, *General Practice*, *Internal Medicine*, and *OB/ GYN*. Your PCP will provide or coordinate all your covered medical care while you are a member of our plan.

PCPs who are not accepting new patients are listed under the category *Accepting Current Patients Only*. You may choose a PCP in this category only if you are new to plan name and are currently a patient of that physician or changing to a new physician

group and that physician is also part of the new physician group.

- Affiliated specialists are listed in alphabetical order under their specialty. If your PCP feels you need more specialized treatment, he or she will refer you, upon physician group approval, to a specialist associated with the network physician group.

If your specialist recommends that you continue to see him or her for more services, those services may need to be authorized by your network physician group.

- Urgent Care facilities affiliated with your physician group are listed under Urgent Care Centers. You may use these Urgent Care Facilities or any other Urgent Care facility in your plan service area if you need urgent medical care when your PCP's office is closed.
- If you decide to enroll in the optional supplemental dental plan, you can find a list of network dentists in this directory. For more information about choosing a network dentist, you can go to the beginning of that section in this directory.

Using This Directory, continued

- Plan pharmacies are not listed in this directory. You may request a list of these facilities by calling our Member Services Department or by going to blueshieldca.com/findaprovider.

To choose your PCP, follow these simple steps

1. Choose the doctor you want as your PCP from this directory. Note: If you are interested in a particular **specialist**, make sure he or she is in the same physician group as the PCP you select. You will need an authorized referral from your PCP's physician group before you can be treated by a specialist, except for routine women's health care as described below.
2. Call the office of the PCP you have selected to make sure that he or she is accepting new patients and for answers to any questions you may have about the doctor (e.g. office hours, availability evenings and/or weekends and educational background).
3. Enter the ID number of the PCP you have chosen in the appropriate box on the plan enrollment form.

If you need help choosing a PCP, please call Member Services.

Changing your current PCP is easy

If you have been going to one network provider, you are not required to continue going to that

same provider. You may change your PCP at any time. However, if you are under inpatient care in the hospital or you are in the middle of a course of treatment with your PCP or a specialist, we recommend that you do not change your physician/physician group until you are discharged or complete your course of treatment.

If you decide to change your PCP, simply call Member Services and we will check to make sure the doctor you choose is accepting new patients. You should ask whether the new PCP you are selecting has a referral relationship with any specialist you are currently seeing. You will need an authorized referral from your PCP's physician group before you can be treated by a specialist, except for routine women's health care as described below and in your *Evidence of Coverage*.

We will make the change for you, tell you over the phone when this change will go into effect, and send you a new member ID card.

If you call by the 15th of the month, your transfer to a new PCP will be effective on the first day of the following month.

Sometimes a PCP, specialist, or clinic you are using might leave the plan. If this happens, you will have to switch to another network doctor. We will notify

you if this happens and make sure you continue to have access to all plan services.

If you are a female member who prefers to see an OB/GYN for your routine women's health care (mammograms, pap tests, and pelvic and breast exams), you can make an appointment with any OB/GYN listed under your network physician group without a referral from your PCP.

If possible, call your PCP before you seek medical care. If you go to a doctor, hospital or other provider without the approval of your PCP except in an emergency or when you need urgent care, out-of-area renal dialysis (within the United States), or paying any charges for these certain gynecological care or other self-referred services, you will be responsible for services. Neither Original Medicare nor Blue Shield will pay for non-emergency services or non-urgently needed care without the prior authorization of your PCP.

Urgent Care refers to a non-emergency situation where you are temporarily absent from the plan's authorized service area, you need medical attention right away for an unforeseen illness, injury or condition, and it isn't reasonable given the situation for you to obtain medical care through the plan's provider network. Under unusual and extraordinary circumstances, care may be considered

urgently-needed when the member is in the service area but the provider network of the plan is temporarily unavailable or inaccessible.

If you need care in an emergency, get medical help as quickly as possible. Call 911 for help or go to the nearest emergency room. You do not need to get permission first from your physician or other network provider.

A medical emergency is when you believe that your health is in serious danger when every second counts. A medical emergency includes severe pain, a bad injury, a serious illness, or a medical condition that is quickly getting much worse.

Make sure that Blue Shield knows about your emergency because your physician will need to be involved in following up on your emergency care.

You or someone else should call to tell your physician about your emergency care as soon as possible, preferably within 48 hours. The number to call is located on your plan name member ID card.

What if you need medical attention right away for an unforeseen illness or injury, but your health is not in serious danger? If you need medical help immediately but your health is not in serious danger, the help you need is

called "urgently needed care". If you are in your plan's service area please call your PCP or, if your physician's office is closed, go to the urgent care facility listed in this directory.

If you are outside the service area, first call your PCP whenever possible. If you are treated for an urgent care condition while you are outside the service area we prefer that you return to the service area to get follow-up care through your PCP. However, we will cover follow-up care that you get from non-network providers outside the service area as long as the care you are getting still meets the definition of "urgently needed care".

Some hospitals and other providers do not provide one or more of the following services that may be covered under your plan contract and that you might need: family planning; contraceptive services; and sterilization, including tubal ligation at the time of labor and delivery. To ensure that you can obtain the healthcare services that you need, call our Member Services department for assistance.

Some hospitals participate in an independent quality program. Hospitals identified with the symbol  participate in the **Leapfrog Group**, an independent California program that works to implement three key practices that have been

shown to improve patient safety. Leapfrog hospitals 1) do computer checks on prescriptions to avoid drug interactions; 2) have a full-time physician specialist on staff in all intensive care units; and 3) perform high-risk surgical procedures, such as heart surgery, only when certain quality criteria are met.

If you need skilled nursing, transitional care or specialized services, your PCP will arrange for you to be transferred to a subacute care facility contracting with Blue Shield or another facility with which he or she is affiliated. You may request a list of these facilities by calling our Member Services department.

If you receive a bill from any non-network provider for covered services such as emergency or urgently needed care or out-of-area renal dialysis services, please do not pay it. Instead, please send it to us at the following address and we will pay the covered amount, minus any applicable copayment/coinsurance amount(s).

Cómo utilizar este directorio

Este directorio incluye la red de proveedores de la región indicada en la portada.

Si no encuentra al proveedor que busca o le gustaría ver una lista completa de los proveedores disponibles para usted, clasificados por área, visite la sección *Find a Provider* (Buscar un proveedor) en **blueshieldca.com**. También puede comunicarse con Servicio para Miembros para que le envíen un directorio.

Consulte su *Evidencia de Cobertura* para obtener información detallada sobre su cobertura de atención de la salud.

Los “proveedores de la red” que figuran en este directorio han acordado brindarle su cobertura de atención de la salud. Puede acudir a cualquier proveedor de la red que figure en este directorio; no obstante, es posible que para algunos servicios necesite una derivación.

Tendrá que elegir a uno de nuestros proveedores de la red incluidos en este directorio para que sea su Médico de Atención Primaria (PCP, por sus siglas en inglés). Se utilizará la sigla “PCP” en todo este directorio. Por lo general, debe recibir su cobertura de atención de la salud por medio de su PCP. Cuando elige a su PCP, también elige los

hospitales y la red de especialistas afiliados al grupo médico.

- **Los** PCP, especialistas, hospitales, clínicas y centros de atención urgente de la red figuran por grupo médico.
- El hospital o los hospitales afiliados al grupo médico están incluidos al comienzo de la sección correspondiente a los grupos médicos de este directorio.
- Si necesita ser hospitalizado, su PCP coordinará su ingreso al hospital que esté asociado con su grupo médico. Si hay más de un hospital asociado con el grupo médico, su PCP determinará cuál es el hospital más apropiado para su atención.
- Los PCP aparecen ordenados alfabéticamente en una de las siguientes categorías: *Medicina Familiar, Medicina General, Medicina Interna y Obstetricia/Ginecología* (OB/GYN, por sus siglas en inglés). Su PCP brindará o coordinará toda su atención médica cubierta mientras usted sea miembro de nuestro plan.

Los PCP que no aceptan actualmente nuevos pacientes se incluyen en la categoría *Solo se aceptan pacientes actuales*. Puede elegir a un

PCP en esta categoría solamente si es miembro nuevo de Blue Shield 65 Plus y es paciente actual de dicho médico, o bien si se cambia a un nuevo grupo médico del cual el médico mencionado también forma parte.

- Los especialistas afiliados aparecen ordenados alfabéticamente según su especialidad. Si su PCP considera que usted necesita tratamiento más especializado, dicho médico lo derivará a un especialista asociado con el grupo médico de la red, previo consentimiento del grupo médico mencionado.

Si su especialista le recomienda que siga yendo a las consultas para recibir más servicios, es posible que su grupo médico de la red tenga que autorizar tales servicios.

- Los centros de Atención Urgente afiliados a su grupo médico están incluidos en la sección Centros de Atención Urgente. Puede utilizar estos u otros Centros de Atención Urgente en el área de servicio de su plan si necesita atención médica urgente cuando el consultorio de su PCP esté cerrado.
- Si decide inscribirse en el plan dental opcional complementario, este

Cómo utilizar este directorio, continuación

directorio incluye una lista de dentistas de la red. Para obtener más información sobre cómo elegir a un dentista de la red, consulte el comienzo de esa sección en este directorio.

- Las farmacias del plan no figuran en este directorio. Puede solicitar una lista llamando a nuestro departamento de Servicio para Miembros o ingresando en blueshieldca.com/findaprovider.

Para elegir a su PCP, siga estos simples pasos:

1. Elija al médico de este directorio que quiera que sea su PCP.
Nota: Si está interesado en un **especialista** en particular, asegúrese de que dicho especialista esté en el mismo grupo médico que el PCP que eligió. Necesitará una derivación autorizada del grupo médico de su PCP antes de poder tratarse con un especialista, excepto en el caso de la atención de rutina para la salud femenina, tal como se describe más adelante.
2. Llame al consultorio del PCP que eligió para asegurarse de que acepta nuevos pacientes y para obtener respuestas a cualquier pregunta que pueda tener sobre el médico (por ejemplo, horarios de atención, disponibilidad por la noche y/o los fines de semana y formación académica).

3. Ingrese el número de identificación del PCP que eligió en la casilla correspondiente del formulario de inscripción del plan.

Si necesita ayuda para elegir a un PCP, llame a Servicio para Miembros.

Es fácil cambiar a su PCP actual

Si ha acudido con anterioridad a un determinado proveedor de la red, no es necesario que siga acudiendo a ese mismo proveedor. Puede cambiar de PCP en cualquier momento. Sin embargo, si recibe actualmente atención para pacientes internados en el hospital o se encuentra en pleno tratamiento con su PCP o con un especialista, le recomendamos que no cambie de médico o grupo médico hasta que le den el alta o complete el tratamiento. Si decide cambiar de PCP, simplemente llame a Servicio para Miembros y nos aseguraremos de que el médico que eligió acepte nuevos pacientes. Debería preguntar si el nuevo PCP que eligió realiza derivaciones a alguno de los especialistas que visita actualmente. Necesitará una derivación autorizada del grupo médico de su PCP antes de poder tratarse con un especialista, excepto en el caso de la atención de rutina para la salud femenina, tal como se describe más adelante y en su Evidencia de Cobertura.

Nosotros haremos el cambio por usted, le avisaremos por teléfono cuando se lleve a cabo y le enviaremos una nueva tarjeta de identificación de miembro.

Si llama antes del día 15 del mes, su traspaso a un nuevo PCP entrará en vigor el primer día del mes siguiente.

A veces, puede suceder que un PCP, un especialista o una clínica que le brinde atención abandone el plan. De ser así, tendrá que cambiarse a otro médico de la red. Le notificaremos si esto ocurre y nos aseguraremos de que siga teniendo acceso a todos los servicios del plan.

Si es mujer y prefiere visitar a un OB/GYN para recibir su atención de rutina para la salud femenina (mamografías, pruebas de Papanicolaou, y exámenes ginecológicos y de los senos), puede programar una cita con cualquier OB/GYN que figure en su grupo médico de la red sin necesidad de contar con una derivación de su PCP.

Si es posible, llame a su PCP antes de solicitar atención médica. Si visita a un médico, un hospital u otro proveedor sin la aprobación de su PCP, usted será responsable de los servicios, excepto en caso de emergencia o cuando necesite atención urgente, diálisis renal fuera del área (dentro de los Estados Unidos) o pagar cualquier cargo por determinada atención ginecológica u otros servicios a los que se haya autoderivado. Ni

Cómo utilizar este directorio, continuación

Medicare Original, ni Blue Shield pagarán los servicios sin carácter de emergencia ni la atención que no sea urgentemente necesaria sin la autorización previa de su PCP.

La Atención Urgente hace referencia a una situación sin carácter de emergencia en la que usted está temporalmente fuera del área de servicio autorizada del plan, necesita atención médica inmediata para tratar una enfermedad, lesión o afección imprevista y no es razonable, dada la situación, obtener atención médica por medio de la red de proveedores del plan. En circunstancias inusuales y extraordinarias, es posible que la atención se considere urgentemente necesaria cuando el miembro se encuentra en el área de servicio pero la red de proveedores del plan es inaccesible o no está disponible temporalmente.

Si necesita atención en un caso de emergencia, obtenga asistencia médica lo más pronto posible. Llame al 911 para obtener ayuda o acuda a la sala de emergencias más cercana. No necesita obtener primero el permiso de su médico o de otro proveedor de la red.

Hablamos de emergencia médica cuando usted considera que su salud corre grave peligro y cuando cada segundo cuenta. Una emergencia médica incluye dolor intenso, una lesión seria, una enfermedad grave o una

afección médica que empeora rápidamente.

Asegúrese de que se informe a Blue Shield acerca de su emergencia, ya que será necesario que su médico haga un seguimiento de su atención de emergencia.

Usted u otra persona deben llamar a su médico para notificarle acerca de su atención de emergencia cuanto antes, en lo posible dentro de las 48 horas. El número al que debe llamar se encuentra en su tarjeta de identificación de miembro de Blue Shield 65 Plus.

¿Qué ocurre si necesita atención médica inmediata para una enfermedad o lesión imprevista pero su salud no corre grave peligro? Si necesita asistencia médica inmediata pero su salud no corre grave peligro, dicha asistencia se denomina "atención urgentemente necesaria". Si se encuentra en el área de servicio de su plan, llame a su PCP. Si el consultorio de su médico está cerrado, diríjase al centro de atención urgente que figura en este directorio.

Si se encuentra fuera del área de servicio, siempre que sea posible, llame primero a su PCP. Si sufre una afección que requiere atención de urgencia y recibe tratamiento mientras está fuera del área de servicio, preferimos que regrese al área de servicio para que su PCP le brinde atención de seguimiento.

No obstante, cubriremos la atención de seguimiento que reciba de los proveedores no pertenecientes a la red que estén fuera del área de servicio, siempre y cuando la atención recibida siga cumpliendo con la definición de "atención urgentemente necesaria".

Algunos hospitales y demás proveedores no proporcionan uno o más de los siguientes servicios, que pueden estar cubiertos en el contrato de su plan y que usted podría necesitar: planificación familiar, servicios de anticoncepción, y esterilización, incluida la ligadura de trompas inmediatamente después del parto. Para asegurarse de que puede obtener los servicios de atención de la salud que necesita, llame a nuestro departamento de Servicio para Miembros y solicite ayuda.

Algunos hospitales participan en un programa de calidad independiente. Los hospitales identificados con el símbolo  participan en el programa de California **Leapfrog Group**, un programa independiente que busca implementar tres prácticas esenciales que se ha demostrado que mejoran la seguridad del paciente. Los hospitales que participan del programa Leapfrog: 1) controlan las recetas por computadora para evitar la interacción entre medicamentos, 2) cuentan con un médico especialista de tiempo completo entre el personal de

todas las unidades de cuidado intensivo y 3) llevan a cabo procedimientos quirúrgicos de alto riesgo, como cirugías cardíacas, solo cuando se cumple con ciertos criterios de calidad.

Si necesita servicios de enfermería especializada, atención de transición o servicios especializados, su PCP coordinará su transferencia a un centro de atención subaguda que tenga contrato con Blue Shield o a otro centro al cual su PCP esté afiliado. Puede solicitar una lista de estos centros llamando a nuestro departamento de Servicio para Miembros.

Si recibe una factura de cualquier proveedor no perteneciente a la red por servicios cubiertos, como atención de emergencia o urgentemente necesaria, o bien servicios de diálisis renal fuera del área, no la pague. Envíenos la factura a la siguiente dirección y nosotros pagaremos el monto cubierto menos el (los) monto(s) de copago o coseguro que corresponda(n):
